July 2021 Newsletter

We had a fantastic 5 weeks in the last half term having been booked by 21 schools across Stockport to do 45 'It's Your Move' workshops with Y6 classes. Even with some schools having to close and our own personal isolation periods due to COVID, we managed to do most of the sessions booked, and very thankful to God for that. The workshops went really well with students engaging and interacting with it brilliantly. We had written an action-packed workshop that included drama, games, quizzes, videos and opportunities to answer questions and address any concerns the students had about moving to secondary school.

In September, as well as continuing to offer RE lessons, we will also be offering 'Rooted Junior', based on the new SU resource for KS2 students. This is a 10-week program with the emphasis being on wellbeing and self-esteem. We have already had schools book us for this as part of their RE/PSHE curriculum in the autumn term and we are thrilled to be offering these timely sessions.

We are delighted to be starting back face to face assemblies again as from September and have very much enjoyed booking in regular weekly assemblies with schools who have been receiving our recorded assemblies over the past year. It will be fantastic to be back with the students in their school halls again!

Please do check out our new website and subscribe if you haven't already done so. Under 'Resources' you will see our new and up to date Primary Work and Assemblies dossiers that schools have received and use to book RE lessons, workshops and assemblies with us.

"I am making everything new!" Then he said, "Write this down, for these words are trustworthy and true."

Have a great summer, from everyone at Christians In Schools!
